Re : EU Athletes support letter to the case of [REDACTED] and [REDACTED]

Dear sirs, dear Madam.

With this letter, we wanted to express our full support for the important case [REDACTED] and [REDACTED] and the enforcement of a BAT award against their former club KK Zadar.

The BAT arbitration clauses and the FIBA sanctions are an integrant part of player's contract in countries where the common working laws are not sufficiently protective for workers.

By not enforcing a FIBA decision, the ABA do not meet its obligation to protect players from malpractice from employers, The rights of athletes as workers must be respected and it's your role to achieve this goal .

This is an important case for EU Athletes and it is essential that athletes are efficiently protected against clubs who are not fulfilling their duties.

Yours sincerely,

Jean-François REYMOND
General Secretary
